

Partnership in Education and Idaho Science Teachers Association

“A Professional Conference for Educators”

*October 6th & 7th, 2011
Lewiston High School
1114 9th Avenue Lewiston, Idaho*

Welcome to the 27th Annual

Partnerships in Education Conference

October 6-7, 2011

Lewiston High School • 1114 9th Avenue • Lewiston, ID 83501

.....

General Information

Student guides (wearing name badges) can be of assistance in helping you find your rooms. Consult the campus maps on pages 10-11 and the following codes to locate rooms:

- SB: Science Building
- MB: Mechanical Building
- GYM: Booth Hall (gymnasium building)
- T#: Temporary Buildings (across street from Main Building)
- Auditorium: Inside Main Building
- Cafeterias: Inside Main Building, for registration, exhibitors and Continental Breakfast
- Faculty Lounge: Behind cafeteria, for speaker registration and hospitality
- Library: Inside Main Building, for speakers luncheons
- WCC: Williams Conference Center on the Lewis-Clark State College Campus
- SGC: Sam Glenn Complex on the Lewis-Clark State College Campus
- SAC: Sacajawea Hall on the Lewis-Clark State College Campus

Registration: Registration is conducted in the main building, in the upper cafeteria. At registration, you will be provided with the conference program booklet, pen, and other materials.
Your Conference Booklet is your admission ticket to all conference sessions and events.

College Credit: See tables of appropriate colleges at registration to arrange for credits.
(WSU clock hours table is located in main hallway near Abe Lincoln statue.)

Assistance: For assistance, look for students wearing name tags ("Guide"), or a Conference Planning Committee member with a "Host" ribbon.

Meals: A complimentary continental breakfast is provided in the Cafeteria for all registrants each morning. Lunch is **not** provided. Please enjoy the many fine Valley restaurants during the 90 minute lunch break. A luncheon for speakers, workshop presenters and exhibitors will be provided in the high school library from 11:30-1:00 p.m. each day.

Messages: The Message Center is located in the Lewiston High School main hallway near the office. Check here if you wish to leave or receive a message. The high school office is staffed during the days of the conference. Messages can be phoned into (208) 748-3100 or by fax (208) 748-3149.

Conference Workshops

Thursday

General Workshop Session A: 8:00 - 9:30 a.m.

Keynote: Eliminating Bullying and Harassment: Responsibilities of the School Community

Kendra Hughes

Kendra will present an overview of the Dear Colleague Letter from the Office of Civil Rights, Definitions of bullying and harassment, characteristics of a bully/harasser and victim, role and responsibilities of school/district staff to addressing/responding to issues, implications of SB -- 1105 on bullying, harassments, and intimidation. Consequences for the school community if bullying and harassment issues are left unaddressed, overview of federally protected classes and civil rights laws and hate crimes, problems attributed to language use by students, personal attitudes, bias, actions of school staff, and research on best practices for educators/parents/community members.

Location: Auditorium

Breakout Session: Q&A Session B

Workshop Session B: 10:00 - 11:30 a.m.

Keynote: Why Try? Overcoming Poverty, Violence, and Failure

(All) Christian Moore L.S.C.W.

Christian Moore will share motivational stories from his own life experiences as a youth with severe learning disabilities. He will walk the audience through the social and emotional assets that allowed him to get a master's degree and become a nationally recognized child advocate. He will explore the seeds of motivation and hope which enable children to overcome poverty, violence, and failure.

Location: Auditorium

Breakout Session: Why Try? Innovative Interventions that Provide Hope - Session C

50 Ways to Improve Parent Involvement

(All) Dave Shepard

This session reviews techniques and strategies that work.

Location: Room 100

Internationalizing American History

(Gr. 9-12) Eric Martin, Chris Riggs

This session will discuss ways of thinking and teaching about U.S. history in an international context by connecting events in America with broader global developments.

Location: Room 105

The Right to Dream

(Gr. 7-College) Living Voices, Bob Williams

The struggle and sacrifice for civil rights in America 1950's and 1960's and how the fight against prejudice has shaped our history.

Location: Room 203

Nuts and Bolts of Estate Planning

(All) Chris Moore, JD, CPA, AEP®, EPLS

Basic Estate Planning course designed to provide general information and invoke the thought process about the need for planning.

Location: Room 109

Beyond Hearing Aids: Assistive Technology: Assistive Technology for Communication

(All) Krista Kramer

An overview of hearing assistance technology; assistive listening systems, captioning, video relay; internetting services; phone amplification and captioning; alerting systems and iPod/iPad apps for hearing assistance and attention issues.

Location: Room 214

Art Integration: Strategies, Ideas and Activities to Strengthen Learning in the Classrooms

(All) Lisa Nelson

We will focus on how arts integration strategies can strengthen learning in all aspects of your classroom: classroom management, motivation, curriculum, and assessment.

Location: SB7

Resiliency Factors for Survivors of Trauma

(Gr. All) Robert Hayes

Working with family members experiencing trauma due to war, substance abuse, terrorism, and losses.

Location: Room 104

What's New in Children's Literature 2011 for Grades K-3

(Gr. K-3) Linda Warren

40 books published in 2011 will be summarized for grades K-3, including books set in the Northwest. Reading and maturity levels will be discussed. Annotated bibliographies will be available.

Location: Room 112

"Read it Again!" -- Writing Picture Books that Work

(Pre-K-6) Mary Casanova

Mary Casanova shares how she turns ideas into picture books that capture the imagination--and attention--of young readers.

Location: Room 111

Pipeline to End Poverty

(Gr. All) Lisa Stoddard

This program is based on research done by educator Ruby Payne on educating children in poverty as well and adapted from the "Bridges Continuum" by Phil DeVol and Scott Miller.

Location: Room 201

Conference Workshops

Workshop Session B: 10:00 - 11:30 a.m.

The Etiquette Banquet - A Nutrition Unit's Grand Finale A'la Mode

(Gr. All) Dr. Betsy Van Clief, Dr. Marika Botha, Jamie Brian, Carolyn Conder, Sara Mason, Deanna McAuliffe, Jeremiah Robinson, Kelli Tikker

So You Think You Can Dance Eat? This experience will prepare you for an Interview Meal, a Head Table Banquet or Dinner at Grandma's. Come prepared to eat. Not very much, but properly.

Location: SB9

Eliminating Bullying and Harassment: Roles and Responsibilities of the School Community - Q&A

(Gr. Teachers, Counselors/Admin) Kendra Hughes

This breakout session is developed to consult with teachers and

administrators on their district's policies and procedures and current challenges with implementation.

Location: Room 204

RTI in the Classroom

(Gr. K-8) Holly Tower

This presentation will focus on the integration of RTI requirements in the classroom setting.

Location: Room 205

Nez Perce Hands-On Arts and Activities

(Gr. Pre-8) Alyse Cadez

Come to the arts, crafts, and program "sampler" from the Nez Perce National Historical Park. How to make the Nez Perce games, paflesch bags, tale mats, learn about the web teacher guide and the huge variety of hands-on programs.

Location: Room 102

GHOST and TROLLEY TOURS

(Gr. ALL) Garry Bush

\$15 Trolley Tours. Take a 1.5 hour narrated trolley tour of Lewiston's Normal Hill. Ride on board a replica trolley car while visiting Lewiston's original cemetery, and numerous sections of historic Normal Hill. The trolley will stop and passengers will walk 1 block viewing Victorian houses that have "ghostly stories."

Location: Tours start at Lewiston H.S. front steps of school

Half Day Sessions C&D: 1:00 - 4:30 p.m.

Kids, Quilts, and Children's Literature

(Gr. Pre-6) Dr. Carol J. Nelson

There is something magical about the soft comfort of an old quilt and a bedtime story. How can teachers bring this magic to the classroom? Join Dr. Nelson for this workshop where she shares her own quilts and experiences working with children and quilts. You will be given an opportunity to see a variety of children's literature with quilts as themes and see how they can be integrated into various content areas. No sewing required, but you will go away with your own quilt square.

Location: Room 201

Adobe Photoshop: Photoshop for Photographers

(Gr. 7-College) Brian Kolstad, Bruce Twitchell

Whether you're a seasoned graphic design yearbook instructor or just interested in learning to use Adobe Photoshop software a little better, this session will help you hone your skills. Digital photos will be provided and tips and tricks will be demonstrated on how to get the most out of your digital pictures. You're welcome to bring your own digital photos too! Attendees will have hands-on training in the Lewis-Clark State College graphic arts program lab location in Sam Glenn Complex room 113. Space is limited to 20 computers.

Location: Sam Glenn Complex Room 113

Utilizing Literature to Teach Health: Connecting to the Common Core

(Gr. 4-12) Patricia Stewart

This workshop will provide both health educators and classroom teachers with a resource to address health content using literature. This workshop makes the link between National and Idaho Health Education Standards and English Language Arts Common Core. Using literature to combine health skill development and reading makes better use of instructional time.

Location: Room 102

Workshop Session C: 1:00 - 2:30 p.m.

Breakout Session: Why Try? Innovative Interventions that Provide Hope

(All) Christian Moore L.S.C.W.

This workshop will emphasize a strength-based approach to helping youth overcome challenges by teaching social and emotional life skills using "multiple intelligence" methods that address the youths' learning styles. The Why Try program presented is proven to increase graduation rates, reduce truancy, and improve school climate.

Location: Auditorium

Conference Workshops

Workshop Session C: 1:00 - 2:30 p.m.

Featured Presentation: Foldables Across the Curriculum with Dinah Zike

(All) Dinah Zike

In this fun, fast-paced session, learn from Dinah how to use Foldables - interactive, hands-on graphic organizers - to revolutionize the way you teach and the way your students study. Learn how to strengthen skills and make super study aids that will enhance student comprehension and engage young learners. Participants will make their own examples and learn strategies for implementing this powerful and effective learning tool. Material packets will be provided.

Location: SB9

Making Special Education Inclusion Work in Your School

(All) Dave Shepard

This session helps schools improve this area.

Location: Room 100

Our Revolution

(Gr. 7-College) Living Voices, Bob Williams

The story of those who fought to bring the words "all men are created equal" to life. Words that have great meaning to an African American soldier in 1776.

Location: Room 203

APPS in the Classroom

(Gr. All) Mike Mann, ATP, Idaho Assistive Technology

Access to the curriculum through text-to-speech and other assistive technologies. Applications for touch devices can help provide differentiated instruction to students in the regular classroom for communication, reading, writing, math, organization, memory, and more.

Location: Room 214

Introduction to Sibelius: Music Notation Software

(Gr. All) Mark Murdock

This is an overview of basic music notation possibilities that would be

valuable for anyone interested in notation software. I will highlight some of the specific features of Sibelius. There will be some time for participants to play with the software on their own.

Location: Room 211

Ethics in Education in a Digital Age

(Gr. All) Sharon Kay Stoll, Ph. D.

Interactive session on the problems of doing ethics, promoting ethics, and practicing ethics in a digital age that ascribes to a pluralism concept that ethics don't exist today. Also discussed will be the challenges of teaching ethics in a digital age.

Location: Room 204

Planning for Retirement

(Gr. All) Kari Caven

Covers the basics of the PERSI Base and Choice Plans.

Location: Room 104

National Certification...Candidacy, Renewal and Take One...Which is for you?

(Gr. All) Sue Hovey

National certification is designed to recognize teachers who submit a portfolio. Stipends are available for candidates and NCTs from federal, state, and district funds.

Location: Room 213

Reading with Color - Enhanced!

(Gr. All) Verna L. Studer, M. Ed., Irlen Syndrome Diagnostician

Frustrated with poor readers? "Lazy students? Poor grades? Learn how people can improve their reading comprehension and efficiency in order to perform better in school and in work! Verna L. Studer, licensed Irlen Syndrome screener and LCSC professor, has screened poor readers for over 15 years. She will show you how you can help YOUR poor readers by using COLOR and share information about PASS, a method to quickly identify those students who should be screened for overlays!

Location: Room 108

Montessori Education: Past, Present, Future

(Gr. All) Megan J. Chavez Anderson

A history of Montessori education and what it is, who was Dr. Maria Montessori. What, where, and how is Montessori's work being used today in our valley as well as throughout the country. Where can Montessori methods go from here, and are there ways to make the methods applicable on a broader scale?

Location: Room 205

Writing Workshop: Strong Beginnings (All Ages)

(Gr. All) Mary Casanova

"Getting started" is always the hardest hurdle in writing. Join Mary Casanova in a writing workshop focused on creating compelling beginnings to keep readers reading--and students writing.

Location: Room 111

Your Retirement Plan at Work

(All) Chuck Lund

This session will review the importance of saving for retirement, the features and benefits of common retirement plans, and action plans to achieve retirement goals.

Location: Room 206

In Their Shoes: Teens and Dating Violence

(Gr. All) Nellie Frost

Interactive workshop on what dating is like for today's teens from their perspective. Learn the signs and resources available for teen dating violence. (40 people max)

Location: Room 212

Conference Workshops

Workshop Session D: 3:00 - 4:30 p.m.

National Certification...Candidacy, Renewal and Take One...Which is for you?

(Gr. All) Sue Hovey

National certification is designed to recognize teachers who submit a portfolio. Stipends are available for candidates and NCTs from federal, state, and district funds.

Location: Room 213

Common Core State Standards Overview for ELA and Math

(Gr. K-12) Lisa Schutt

For those of you who have questions about what the Common Core State Standards are and where they came from, this is an overview of both Math or ELA standards.

Location: Room 204

Genetics: Crazy Traits & Adaptation Survivor

(Gr. 7-12) Laine Ives, CPO Science

Students learn new vocabulary when they study genetics such as: traits, alleles, and genotypes. How can you predict the traits of offspring when you know the genetic makeup of your parents? These ideas will come alive as you create crazy creatures with a unique kit and study the resulting population.

Location: SB8

How to Make Your Money Work for You

(Gr. All) Richard Chilcote

A detailed look at how to avoid having more month than money. Also, an informative look at Association Member Benefits.

Location: Room 207

Kindergarten Connections

(Gr. K) Jamie Williams

Connecting research with practical approaches to literacy in the classroom in a fast-paced fun-filled way. Kindergarten Connections is connecting teachers with real ideas that work!

Location: Room 109

Utilizing Literature to Teach Health: Connecting to the Common Cure

(Gr. 4-12) Patricia Stewart

This workshop will provide both health educators and classroom teachers with a resource to address health content using literature. This workshop makes the link between National and Idaho Health Education Standards and English Language Arts Common Cure. Using literature to combine health skill development and reading makes better use of instructional time.

Location: Room 102

Trying the Potter's Wheel (Hands On)

(Gr. All) Michael Wendt

Try throwing on the potter's wheel - 3 instructors who will directly teach the basic skills one on one to guarantee success.

Location: Wendt Pottery, 2729 Clearwater Ave

In Their Shoes: Teens and Dating Violence

(Gr. All) Nellie Frost

Interactive workshop on what dating is like for today's teens from their perspective. Learn the signs and resources available for teen dating violence. (40 people max)

Location: Room 212

What's New in Children's Literature 2011 for Grades 4-8

(Gr. 4-8) Linda Warren

40 books published in 2011 will be summarized for grades 4-8, including books set in the Northwest. Reading and maturity levels will be discussed. Annotated bibliographies will be available.

Location: Room 112

GHOST and TROLLEY TOURS

(Gr. All) Garry Bush

\$10 Ghost Tours. Take a 1.5 hour tour of Historic Downtown Lewiston and learn how the previous owners impacted our local history. Explore below the sidewalks and visit areas

that have not changed for 100 years. Hear from the "voices" that traveled under the sidewalks and worked in the "unmentionable" side of 1900 society. Each Historic Building entered is documented with paranormal activity.

Location: Tours start at Morgan's Alley, 3rd and Main, Historic Downtown Lewiston

Keep 'Em Reading! --Writing for the Restless Reader

(Gr. K-8) Mary Casanova

Once a reluctant reader, Mary Casanova writes for the kind of kid she was, the "active, outdoorsy, can't-sit-still kind." Join her as she shares her writing process of turning ideas into books that kids can't put down.

Location: Room 111

Reading with Color - Enhanced!

(Gr. All) Verna L. Studer, M. Ed., Irlen Syndrome Diagnostician

Frustrated with poor readers? "Lazy students? Poor grades? Learn how people can improve their reading comprehension and efficiency in order to perform better in school and in work! Verna L. Studer, licensed Irlen Syndrome screener and LCSC professor, has screened poor readers for over 15 years. She will show you how you can help YOUR poor readers by using COLOR and share information about PASS, a method to quickly identify those students who should be screened for overlays!

Location: Room 108

Avoiding Classroom Comas

(All) Dave Shepard

This session is about engaging students in the lesson.

Location: Room 100

Our Revolution

(Gr. 7-College) Living Voices, Bob Williams

The story of those who fought to bring the words "all men are created equal" to life. Words that have great meaning to an African American soldier in 1776.

Location: Room 203

Conference Workshops

Friday

Workshop Session E: 8:00 - 9:30 a.m.

Keynote: All Star Teaching - Making the First Team

(All) Dave Shepard

If your school district selected an all star teaching team, would you make the cut?? Would you be recognized by your selection committee as the BEST there is? If they put together a highlight reel of your greatest teaching moments, how would it compare to the other all stars? All educators have all star potential, but sometimes they don't harness their power. We all chose this profession to make a difference with children and part of that choice implied a constant drive toward personal excellence. Several simple steps that any educator can follow will be the focus of this discussion. Come and learn how to make the first team (maybe even All American).

Location: Auditorium

Workshop Session F: 10:00 - 11:30 a.m.

Featured Presentation: Avoiding Classroom Comas

(All) Dave Shepard

This session is about engaging students in the lesson.

Location: Auditorium

Creating a Concept of Number

(Gr. Pri) Cliff Matousek

An exploration of activities designed to help kids think of numbers in a more expansive and useful way that will give them a stronger foundation.

Location: Room 100

Nuts and Bolts of Estate Planning

(All) Chris Moore, JD, CPA, AEP®, EPLS

Basic Estate Planning course designed to provide general information and invoke the thought process about the need for planning.

Location: Room 109

How to Make Your Money Work for You

(Gr. All) Richard Chilcote

A detailed look at how to avoid having more month than money. Also, an informative look at Association Member Benefits.

Location: Room 207

Art Integration: Strategies, Ideas and Activities to Strengthen Learning in the Classrooms

(All) Lisa Nelson

We will focus on how arts integration strategies can strengthen learning in all aspects of your classroom:

classroom management, motivation, curriculum, and assessment.

Location: SB7

So What Does it Mean if a Child is "Scatter," "Lazy," "Unprepared," "Moody," and/or "Stuck"

(Gr. All) Kevin Kracke, Ph.D.

Many children who are "scatter," "lazy," "unprepared," "spacey," "disorganized," "stuck," and/or "moody" are evidencing executive functioning deficits. This workshop will focus on what executive functioning deficits are and how parents and teachers may intervene. As well, personal reflection from a college student.

Location: Room 203

What's New in Children's Literature 2011 for Grades K-3

(Gr. K-3) Linda Warren

40 books published in 2011 will be summarized for grades K-3, including books set in the Northwest. Reading and maturity levels will be discussed. Annotated bibliographies will be available.

Location: Room 112

"Read it Again!" -- Writing Picture Books that Work

(Pre-K-6) Mary Casanova

Mary Casanova shares how she turns ideas into picture books that capture the imagination--and attention--of young readers.

Location: Room 111

Genetics: Crazy Traits & Adaptation Survivor

(Gr. 7-12) Laine Ives, CPO Science

Students learn new vocabulary when they study genetics such as: traits, alleles, and genotypes. How can you predict the traits of offspring when you know the genetic makeup of your parents? These ideas will come alive as you create crazy creatures with a unique kit and study the resulting population.

Location: SB8

Harness the Power of Students and the Internet to Collect and Share Scientific Information

(Gr. 7-College) Jannis Jocius

Encouraging people to observe phenological events like leaf out, flowering, migrations, and egg laying, and by providing a place for people to enter, store, and share their observations. We also work with researchers to develop tools and techniques to use these observations to support a wide range of decisions made routinely by citizens, managers, scientists, and others, including decisions related to allergies, wildfires, water, and conservation.

Location: Room 102

Conference Workshops

Half Day Workshop Sessions G-H: 1:00 - 4:30 p.m.

Keynote: Bullying and Sexual Harassment Prevention (in the schools)

(All) Sue Kenny

The presentation informs educators the different types of bullying and sexual harassment in the schools: bullying, sexual harassment, sexting, cyberbullying. We talk about each one in detail and give techniques to stop the behaviors and what to look for. We have information on the federal and state laws in regards to this subject.

Location: Auditorium

Math and Art: From Nature to the Classroom

(Gr. 4-8) Shuana Castellaw, Kylie Pfeifer

Participants will explore the Fibonacci sequence and the golden mean as seen in numerous patterns in nature. Hands-on activities, including an art experience, will be included. Literacy connections will be provided.

Location: Room SB9

Idaho Tech: Mars Rover

(Gr. K-8) Angela Banks

Idaho TECH is a science and technology competition. Come build a Mars Rover of Legos and learn how to get involved.

Location: Room SB7

Workshop Session G: 1:00 - 2:30 p.m.

APPS in the Classroom

(Gr. All) Mike Mann, ATP, Idaho Assistive Technology

Access to the curriculum through text-to-speech and other assistive technologies. Applications for touch devices can help provide differentiated instruction to students in the regular classroom for communication, reading, writing, math, organization, memory, and more.

Location: Room 214

Introduction to Sibelius: Music Notation Software

(Gr. All) Mark Murdock

This is an overview of basic music notation possibilities that would be valuable for anyone interested in notation software. I will highlight some of the specific features of Sibelius. There will be some time for participants to play with the software on their own.

Location: Room 211

What's New in Children's Literature 2011 for Grades 4-8

(Gr. 4-8) Linda Warren

40 books published in 2011 will be summarized for grades 4-8, including books set in the Northwest. Reading and maturity levels will be discussed. Annotated bibliographies will be available.

Location: Room 112

Differentiated Instruction: Time to Save the World

(Gr. K-12) Holly Tower

This presentation will focus on research-based differentiation strategies to include learners with a variety of strengths in the classroom and beyond.

Location: Room 205

Writing Workshop: Strong Beginnings (All Ages)

(Gr. All) Mary Casanova

"Getting started" is always the hardest hurdle in writing. Join Mary Casanova in a writing workshop focused on creating compelling beginnings to keep readers reading--and students writing.

Location: Room 111

Mathematics Learning from Early Childhood through Intermediate Grades

(Gr. Pre-6) David A. Massaro, Ph.D.

The focus of this presentation deals with the necessary activities students need to be engaged in from early childhood through intermediate grades to be successful in mathematics. Many hands-on activities will be used to promote various mathematical skills. A CD of materials will be given to each participant.

Location: Room SB8

Foldables 102

(Gr. Pre-6) Jenny Arlt

If you liked Dinah Zike's Foldables, this session will show some great variations to use them in all curricular areas to increase retention of content!

Location: Room 204

Conference Workshops

Workshop Session G: 1:00 - 2:30 p.m.

Your Retirement Plan at Work

(All) Jay Johnson

This session will review the importance of saving for retirement, the features and benefits of common retirement plans, and action plans to achieve retirement goals.

Location: Room 206

Engaging the unique Behavioral and Intellectual Brain

(All) Terry R. Armstrong

Differences in brains have a profound

effect on how children learn. This presentation examines multi-modal approaches to teaching.

Location: Room 201

Harness the Power of Students and the Internet to Collect and Share Scientific Information

(Gr. 7-College) Jannis Jocius

Encouraging people to observe phenological events like leaf out, flowering, migrations, and egg laying, and by providing a place for

people to enter, store, and share their observations. We also work with researchers to develop tools and techniques to use these observations to support a wide range of decisions made routinely by citizens, managers, scientists, and others, including decisions related to allergies, wildfires, water, and conservation.

Location: Room 102

Half Day Workshop Sessions Continuing G-H: 1:00 - 4:30 p.m.

General Workshop Session H: 3:00 - 4:30 p.m.

Montessori Education: Past, Present, Future

(Gr. All) Megan J. Chavez Anderson

A history of Montessori education and what it is, who was Dr. Maria Montessori. What, where, and how is Montessori's work being used today in our valley as well as throughout the country. Where can Montessori methods go from here, and there ways to make the methods applicable on a broader scale.

Location: Room 205

GHOST and TROLLEY TOURS

(Gr. ALL) Garry Bush

\$10 Ghost Tours. Take a 1.5 hour tour of Historic Downtown Lewiston and learn how the previous owners impacted our local history. Explore below the sidewalks and visit areas that have not changed for 100 years. Hear from the "voices" that traveled under the sidewalks and worked in the "unmentionable" side of 1900 society.
